The year is 1999.  
Television has given in to the blood lust of its viewers.  
Violence tops the ratings.

TV game shows now offer the ultimate in prizes: your life!  
Winning and losing has become kill or be killed.  
One show in particular stands as the biggest, most spectacular, most gruesome and most rewarding contest of all: SMASH TV.

Alone or in a pair, powerfully armed contestants are sent into a closed arena. There, before a live studio audience and devoted TV viewers from around the globe, they battle opponents - human, humanoid, and inhuman - and search out the cash and prizes that will make them Smash TV Grand Champions.

Ready for prime time?

The future is now.

You are the next lucky contestant.

# WEAPONS... I NEED MORE FIRE-POWER!

Sophisticated weapons and vital power-ups are available in every room, in all rounds of the contest. Your basic weapon, the machine gun, along with the mobile forcefield that is briefly provided with every new life, will effectively obliterate your lesser opponents. Final victory in any round, however, demands that you use everything you can pick up!

When the symbol for a weapon or power-up appears, it can easily be picked up by moving over it.

Only one weapon type can be used at a time, but power-ups such as increased speed, or the mobile forcefield can be used simultaneously with all weapons.

# YOUR OPPONENTS TONIGHT...

The audience is crying out for blood and with the forces stacked against you, it won't be long before they're satisfied. Just be sure it's not your vital organs they're cheering over!

Opponents whose main strength is in numbers, from gangs wielding baseball bats to laser firing orbs, will attack you in any round and at every chance. But each round of the show also features an opponent with unique talents for mangling contestants.

These characters are the stars of the show so they won't give up easily, but find their weak spots and you've got it made. Be relentless in your attack and enjoy watching them crumble.

The Super Opponents are:

Round 1: MUTOID MAN

Round 3: COBRA TWINS

Round 2: SCARFACE

Round 4: THE GAME SHOW HOST  
WITH THE MOST

# DOUBLE YOUR PLEASURE!

Two is always better than one when it comes to combat, but game shows need only one grand champion and the amount of money you walk away with separates the big winner from the other mere survivors.

# ACTION!

So go for it! What are you waiting for? The commercials are over...the cameras are rolling...and the audience is waiting to see how long you last. Are you going to give them what they want, or can you stay in one piece long enough to be invited back next season. Everyone's waiting to see!
