THE BROADCAST

While testing his new 'Super Spy-radio' Mr. Pekles listens in on a Meka Chicken broadcast.

"Our time has now come again my Meka Chicken friends. With the advanced Meka Technology developed by our brilliant Scientist in the form of 'The Super Meka Chickens.'

WE WILL BE TRIUMPHANT!!!

They are at this very moment situated at Top Secret locations guarding the captured Billy Eggs who are soon to be cloned for our invincible Meka Chicken Army! But let me tell you, this time that CHICKEN will not foil our plans for World Domination. ...

... HE WILL BE CRUSHED!!!

... HA HA HA HA !!"

Mr. Pekles quickly summons Alfred and tells him all about the Meka Chicken plot.

Mr. Pekles advises you to read this instruction booklet to do your best to help Alfred.

Alfred would also like to take this opportunity to thank you for joining him in his mission against the evil MEKA-CHICKENS.

TO COMPLETE THE MISSION

Balloons

Alfred must find and release the Mr. Pekles Balloon on each level. This takes him to Mr. Pekles' space lab where he is awarded points and extras according to the bonuses collected. There are also additional smaller balloons, which, once released, act as restart points should you lose a life on that level.

Diamonds

Diamonds are Floella's favourite. Alfred, wishing to please Floella collects them to earn extra points. There are lots of diamonds on each level. If you collect 100, then Mr. Pekles awards Alfred an extra life.

Doorways

While exploring levels, Alfred finds doors connecting the rooms on each level. Some lead to secret rooms, so try them all!

Buttons

Buttons, when pushed, turn certain blocks on or off, giving Alfred access to other parts of the level.

**Mr. Pekles' Space Lab**

This is where Mr. Pekles awards Alfred for his bravery.

**On/Off Blocks**

Alfred can affect some things in the game by pecking these blocks.

**Springs**

Alfred can use the springs to reach high or normally hard to reach places. When Alfred jumps on a spring it automatically bounces him into the air, unless he floats onto it gently by flapping his wings. If you press button **B** while Alfred is in the air he goes higher.

**Ice**

Alfred can peck through the ice, or dive bomb through it (which is much faster).

**Mr. Personality**

Alfred can peck the On/Off block to turn the TV set on and get Mr. Personality to speak. He can then ride on the BLAHs.

**HELPFUL OBJECTS****Watering Can**

On each level there is a secret Mr. Pekles' room. If Alfred discovers this room, Mr. Pekles gives him a Watering Can. If Alfred gets all of the Watering Cans something special happens when he finishes the game.

**Can O' Worms**

Collect this and Alfred gets a worm that spins around him destroying monsters and breaking through ice blocks.

**Egg Cup**

Collect this to get one extra life.

**Present**

Collect this to make Alfred invincible for a short while.

**Pop Can**

Alfred can use this as a platform. These can withstand the Terrasawus for a short while.

**Log**

Use this to slow down the Terrasawus.

**Clock**

Collect this to get 150 extra time units.

BONUS GAME & GAME SCREEN

Bonus Game

After completing a level or defeating a Meka-Chicken Alfred flies up to Mr. Pekles' space lab. He enters a bonus game where he can win extra lives.

Game Screen

Some very important information appears at the top of the game screen, which may help Alfred.

1. Score
2. Number of balloons left to collect
3. Bonus time remaining
4. Number of diamonds remaining
5. Number of Alfreds remaining

THE ENEMY CHARACTERS

Here are some of the enemy characters Alfred encounters, but watch out - there are many more waiting to hinder the mission!

Mino the Whale

This engine-propelled monster is only found underwater. If Alfred contacts it, he meets a watery demise.

Alice Ladybird

When Alfred dive bombs Alice she spins upside down for a short while. At this point if Alfred pecks her, she bounces across the screen, or, if he dive bombs her again, he bounces into the air.

Mag-Mine

The Mag-Mine can be activated and de-activated by pecking the On/Off block. When active it is attracted to Alfred. The only time Alfred can touch the Mag-Mine is in a dive bomb, which bounces him up into the air. Using this Alfred can get to places which are normally hard to reach.

Byron Snail

He looks harmless enough, but if Alfred touches him he proves deadly.

Jack-in-a-Bomb

Jack fires bombs out of his mouth. When shot he hides in his box. Alfred can then stand on the box ready to be sprung into the air when Jack reappears.

Wall of Doom

The wall of doom descends from the ceiling. If Alfred is trapped underneath he is crushed. The direction of the wall can be reversed by pecking the On/Off block.

Control Mine

The control mine is controlled by the control block, depending on the direction the arrow is pointing. The control mine is the only thing that can break through the grim blocker.

Grim Blocker

The Grim Blocker is normally found blocking Alfred's path.

Control Block

If Alfred pecks the control block it changes into an arrow. If pecked again the arrow's direction changes in a clockwise or counterclockwise direction depending on which side Alfred is standing on.

The Terrasawus

The Terrasawus buzzes its way through the level. If it touches Alfred then it's goodbye!

THE EVIL MEKA-CHICKENS

They designed and built all the obstacles to try and stop Alfred from ever rescuing Billy and his brothers. Alfred must fight and defeat all of the Meka-Chickens before his mission is complete.

In order for Alfred to defeat a Meka-Chicken he must find their only weak point and dive bomb away!

MR. PEKLES' HINTS AND TIPS

Mr. Pekles' Secret Room

On each level, if you look hard enough, you find a door to my secret room. When inside, if you answer the telephone, I give Alfred a Watering Can!

Pot Of Jam

This special jam pot (strawberry - Alfred's favourite!) lets you fire bombs at the monsters. The bombs can also be used to help find secret blocks, collect bonuses, shoot control blocks, and activate or deactivate On/Off blocks!

Moving Platforms

Some platforms follow paths around the map. You can spot these by the dotted line showing their path!

More Secrets

There are loads of secret and hidden parts to your mission. Things that can be triggered by shooting them, invisible springs that appear when landed on, walls that can be walked through, and lots more!

You've read the book, now play the game!
