#### **PASSWORDS**

When you have completed a level, you will get a password allowing you to get to the next level. To start a password protected level, select the Password option on the introduction screen. To enter a password, press any direction on the CONTROL PAD to highlight a letter, and select it by pressing the B Button. When the password is complete, press the START BUTTON. You will then start play at the next level.

# USING THE CONTROLLER

START Button - The START BUTTON either pauses the game or initiates your choice from the menu. The START BUTTON also resumes play after the game has been paused.

SELECT Button During the game, the SELECT
button can cycle through the
objects in Shaggy & Scooby's
inventory. The object displayed
in the center inventory box is
the currently selected object.

X Button - Holding down the X Button while Shaggy & Scooby are walking causes Scooby to search the floor, sniffing for a scent. He can often reveal hidden objects by doing this and will snicker if he finds anything.

Y Button - Holding the Y Button down while Shaggy & Scooby are walking causes them to start running. This can get them away from any trouble.

**B Button** - When the B Button is pressed, Shaggy & Scooby jump up in the air. Pressing the B Button while Shaggy & Scooby are walking makes them jump higher and further (this is increased again if it is pressed when they are running).

A Button - Pressing the A Button causes the throwable objects currently selected in the inventory to be thrown in the direction Shaggy & Scooby are facing. Throwing certain objects at the ghosts can scare them away. Objects such as the lamp and key cannot be thrown.

Right Trigger - When
Shaggy & Scooby are standing by
either Velma, Daphne or Freddy,
pressing the Right trigger allows
them to have a conversation with that
character. (see Characters on page 10)

Left Trigger - Pressing the
Left trigger displays a map of the
current level on screen.
Representations of the game characters are displayed in their
correct positions on the map.

# BOW TO PLAY

The gang arrives at the various locations in the game and invariably finds a mystery! They can't leave until they've solved the mystery and caught the villain. Shaggy & Scooby have to walk around the various locations trying to find clues—some exposed, some hidden—in order to solve the mystery. Different areas of the map cannot be entered until a puzzle has been solved or an object is overcome. Objects found come in four categories:

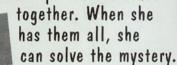

Class

Puzzles

Traps

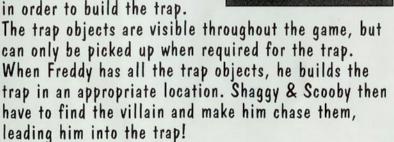

Weapons

When objects are taken to Velma, she tells Shaggy & Scooby what they have found and whether it's a clue. Velma pieces the clues

Next, Shaggy & Scooby have to find Freddy. He will devise a trap to catch the villain. From Freddy's blueprint of the trap, Shaggy & Scooby can see the objects they need to collect in order to build the trap.

# FRIGHTOMETER

live

frightometer

The Frightometer shows how frightened Shaggy & Scooby become as they try to complete the game. If it becomes completely full, Shaggy & Scooby are too frightened to continue

and run off! The amount of fright on the Frightometer can be reduced when Shaggy & Scooby are given a Scooby Snack by Daphne. Shaggy & Scooby

will do almost anything for a Scooby Snack!

#### CAPTURE

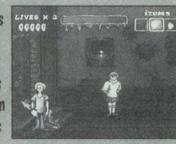

Throughout the mysteries, gang members can be kidnapped by the villains. They are carried off to another area of the map and abandoned, tied up in a sack! Shaggy & Scooby have to find

the missing gang members and release them so they can help Shaggy & Scooby solve the mystery.

# CAME CHARACTERS

The other gang members help Shaggy & Scooby in various ways throughout the game. They perform specific tasks detailed below, as well as offering advice on puzzles and other aspects of the game.

VELMA - Velma identifies objects given to her. If she is given a clue, she tells Shaggy & Scooby what it is and keeps the object. When she has been given all the clues, she solves the mystery!

DAPHNE - Daphne gives out Scooby Snacks. She starts each level with 3. Shaggy & Scooby can go to her at any point and ask her for one.

Each Scooby Snack
makes Shaggy & Scooby brave enough to face
anything and clears the Frightometer.

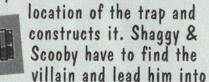

FREDDY - While the clues are being collected, Freddy tries to design a trap to catch the villain. When the mystery has been solved, Shaqqy & Scooby have to find Freddy so he can show

them the blueprint of the trap. This blueprint details all of the objects required to build the trap. Shaqqy & Scooby's next task is to find all the trap

objects and give them to Freddy. Freddy then moves off to the

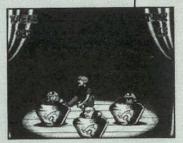

the villain is caught.

### BONNUS GAMES

At various points in the game, Shaggy & Scooby have the opportunity to earn Scooby Snacks and extra lives.

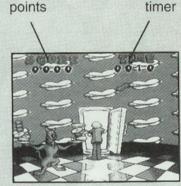

timer

#### WAC-A-MONSTER

During this game, Shaggy has to hit as many ghosts and ghouls as possible as they pop up from vases. If any of the gang members are hit by accident, the time allocated for this game is reduced.

#### SCOOBY™ SANDWICH SPECIALS

During this game, Shaggy throws food items from the refrigerator at Scooby, who has to try to catch them on the top of his sandwich pile. Each item still in the

sandwich special at the end of allocated time is replaced by points. The more points you get, the better the reward at the end of this game. Be careful to keep Scooby balanced, or he's likely to lose his load!
